

Hatcher Capital Investments (HCI) is a Registered Investment Advisory firm locally owned and operated in Little Rock, AR. Our desire is to take care of you in every aspect of your financial plan, starting specifically with any of the services listed below. With a focus on Outrageous Service, we'll work together to establish a plan to help you create financial freedom for you, your family, and generations to come.

- EMPLOYER RETIREMENT PLANS** - A great benefit to offer your employees to help them save money for retirement. These options include 401ks, 403bs, Cash Balance Plans, SEP IRAs, SIMPLE IRAs, and others
- INDIVIDUAL RETIREMENT ACCOUNTS** - Allows individuals to save additional money for retirement aside from their retirement plan at work. These accounts can be Traditional or Roth and both grow tax deferred
- BROKERAGE ACCOUNTS** - Taxable accounts that allow individuals to invest a portion of their savings for short term goals. These funds are more accessible than retirement accounts.
- TRUSTS** - a tax advantaged account created for your Estate Plan. A great way to pass along assets and build wealth for future generations.
- LIFE INSURANCE** - On the day you pay your first premium you create wealth by increasing your families net worth. It's just a matter of when the check will come in. This can be a great way to protect your family should something go wrong before you expect it to. It can also allow you to enjoy your assets/money now while your alive knowing that when you walk out someday a life insurance check will walk in to give them the money they needed
- LIFE SETTLEMENTS** - instead of letting your life policy lapse, we may be able to sell your policy to a third party for a one time cash payment.
- ANNUITIES** - another investment vehicle for tax deferred savings. With indexed annuities, the Insurance Company insures that you can't lose your principal and allocates your funds to an interest crediting indexed fund. Gives you the security that your principal is guaranteed with the upside of stock/equities returns in exchange for higher administration fees
- LONG TERM CARE INSURANCE** - nobody really wants to think about or talk about Long Term Care. The reality is 47% of women and 58% of women over 65 will need Long Term Care. The problem is nobody wants to pay a big premium for something that they don't want to use, or may or may not use. The solution is a Life Insurance Policy with the ability to cash in on the death benefit while your alive should you need Long Term Care. This way you will receive your full benefit either way since we will all die someday
- 529 ACCOUNTS** - a tax advantaged account that allows families to save for private education, college, and graduate school. These funds grow tax free if used for qualified education expenses and some contributions may be tax deductible.
- WILL/POWER OF ATTORNEY/LIVING WILL** - 55 percent of Americans do not have a Will or Estate Plan in place. A Will will insure that your assets go to the people you want them to go to. Hatcher Capital Investments can provide you with several sample wills to get you started and recommend Estate Planning Attorneys to help you get the plan you desire
- ASSET/LIABILITY SPREADSHEET** - Our custom spreadsheet tracks all your assets and liabilities and can be downloaded on your phone so you always have it with you.
- INVESTMENT SPREADSHEET** - Our custom Financial spreadsheet tracks your progress of all your investments so you can know the score at all times
